Subject: Changes to Categories of Play at Atom

In an effort to become consistent with other Atlantic members, Minor Council and the Board of Directors have recently approved a renaming of the categories of play at the Atom age group. This comes as a result of frequent confusion when off-Island teams register for on-Island events, and vice versa, as Hockey PEI has been using different categories at the Atom level than both New Brunswick and Nova Scotia.

Previous categories:

PEI	Atom AAA	Atom AA	Atom A	
NB	Atom AA	Atom A	Atom B	Atom C/Rec
NS	Atom AA	Atom A	Atom B	Atom C/Rec

New categories for 2019-20:

PEI	Atom AA	Atom A	Atom	
NB	Atom AA	Atom A	Atom B	Atom C/Rec
NS	Atom AA	Atom A	Atom B	Atom C/Rec

This change does not affect the standard of competition; it simply makes it easier for teams and tournament officials to compete against consistent competition on an inter-member basis.

Please note that this change is in effect immediately and Regulations will be changed accordingly. If you have any questions, please contact info@hockeypei.com.

Regards,

Robert MacMillan
Chair Hockey PEI Minor Council
