

Coach Certification Requirements:

The table below outlines the required minimum coaching certification for all minor hockey coaches.

** Please note that all coaches are required to have a ***Criminal Record Check*** with vulnerable sector completed as well as ***Respect In Sport*** in addition to certification.

** Please note both Coach 1- Into to Coach and Coach 2 Level contain an on-line component that must be completed prior to signing up for the classroom clinic.

Although these are minimum requirements and some categories may not have a certification requirement, we encourage all volunteer coaches to obtain certification.
